Father's Day Gift Guide

By Alexandra Calamari

A tie, a coffee mug, a Hallmark Card filled with promises to mow the lawn: if this sounds like a list of your past presents for dad, maybe it's time you spice things up for Father's Day June 15. Whether your father is a man of the world or gets lost in his own backyard, our guide features a gift idea that's sure to put a smile on his face. After all, nothing says I love you better than a motorized grill brush!

Partida Elegante, \$350

If dad's discerning palate extends to his liquor cabinet, treat him to this collectable bottle of tequila crafted from the finest blue agave. Aged for more than thirty-six months in American oak, Elegante includes a crystal top that serves as a decanter once the tequila is finished. www.partidatequila.com
